The probation officer believes that the offender has violated the following condition(s) of supervision:

<u>Violation Number</u>	<u>Nature of Noncompliance</u>
1	The offender has violated the special supervision condition which states 'You must refrain from the illegal possession and use of drugs, including prescription medication not prescribed in your name, and/or the use of alcohol, and must submit to urinalysis or other forms of testing to ensure compliance. It is further ordered that you must submit to evaluation and treatment, on an outpatient or inpatient basis, as approved by the U.S. Probation Office. You must abide by the rules of any program and must remain in treatment until satisfactorily discharged by the Court. You must alert all medical professionals of any prior substance abuse history, including any prior history of prescription drug abuse. The U.S. Probation Office will

On June 21, 2018, the offender provided a urine sample that tested positive for cocaine. On June 27, 2018, the offender also admitted to using cocaine. Because of these tests and admissions, the offender was referred to Door Into the Future for outpatient counseling. He had an intake interview on July 24, 2018, and provided another urine sample that tested positive for cocaine. To date, the offender has attended treatment sessions on July 24, 2018, July 31, 2018, August 2, 2018, August 6, 2018 and August 9, 2018. He has been urine screened at all sessions and has tested positive for cocaine each time.

The offender is adamant he has not been using cocaine and refutes the laboratory results.

I declare under penalty of perjury that the foregoing is true and correct.
